Dr. Richard M. West
General Secretary, IAU
61, Avenue de l'Observatoire

France.

Dear Dr. West,

This is to refer to your April 11, letter. Attached to that letter is the cheque of the Chemical Bank; which amounts to US\$ 4000,-.

I have taken the liberty to distribute the IAU Contribution, as it is shown in the accompanying balance sheet. I have benefited Prof. Kleczek's presence for discussing the re-allocation of the IAU funds.

I hope that this letter and the financial report can be accepted favourably. Original receipts are sent herewith.

Again on behalf of the L.O.C., and the "School" I express my sincerest appreciation for every support and attention that you have kindly extended to us.

With best regards,

Sincerely yours,

Bambang Hidayat

Dear Dr. West,

As recent graduates of the International School for Young Astronomers at Bandung, we wish to express satisfaction with the programme.

The School was well organised and was led by very capable faculty members. The lectures were generally well prepared and of high quality. Just as importantly, the course was run in such a way as to encourage interaction and faculty members availed themselves sufficiently to help realise this aim. We have been truly enriched by the experience.

We wish especially to record our appreciation and gratitude to Professor Hidayat, Professor Kleczek and the local organising committee for doing what we consider an excellent job. We also wish to thank IAU and UNESCO for providing the financial assistance that made the School possible.

Yours sincerely,

The IAU School has just finished a couple of days ago. Almost all of the participants and the teaching staff continue to remain in Indonesia to attend the IAU Colloquium on Double Stars (June 4 throughout June 7, 1983).

I found, that the participants in the School were very actively engaged in discussions and programs, for which we are very happy. The teaching staff devoted all their time for the participants and the cause of the School.

Again, we would like to thank you again for the generous support provided by the IAU for this School.

As requested, we include a list of those participants that has received IAU support. We will submit as soon as possible the complete, detailed report, of the School's activities.

Accept our best regards,

Sincerely yours,

B. Hidayat, Chairman
